

FOR IMMEDIATE RELEASE

CATCH BILL MALLIA IN THE BAHAMAS ABOARD CARNIVAL'S IMAGINATION

Monday, September 1, 2008 - Bill Mallia, who's become known by fans as the "Jimmy Buffett of Christian music", will be performing aboard Carnival Cruise Line's "Imagination" for Praisefest Ministries Cruise with a Cause™, October 6th - 10th 2008. He'll be joined by Building 429, SONICFLOOD, Britt Nicole, Michael English, Decemberadio and many other top artists and speakers.

PraiseFest Ministries Cruise with a Cause™ is has chartered the "Imagination", one of Carnival Cruise Line's most popular ships. As a result, all of the alcohol has been replaced by mission efforts directed towards the people of Nassau, Bahamas and the casinos are closed while some of the best Christian musicians rock the ship. There will be volunteer mission opportunities, over 50 concerts, conferences and activities for adults, students, singles and children.

For those that decide to jump into the excitement of the cruise's mission efforts, a special rate has been created. For a limited time, prices start at \$299 P/P, including all taxes and gratuities. That's a savings of over \$1200 per couple on this four night cruise!

All of this is the perfect environment to enjoy multiple shows from Bill Mallia and his Gulf Stream Band. If you've spent more than two decades traveling throughout the Caribbean and all over the planet, does it influence the kind of music you write? In the case of GMA and Indieheaven artist Bill Mallia it has. Bill serves up Christian music that's garnished with a smile and served under a palm. His distinctive song writing style has made his efforts completely unique amongst all other Christian music performers today - happy, feel good, sunshiny tunes with overtly Christian lyrics.

Those interested in immediately booking PraiseFest Ministries Cruise with a Cause™ should visit <http://www.praisefestministries.com>. For all things "Bill Mallia", including other show venues, booking information and much more, check-out <http://www.billmallia.com>.
