

FOR IMMEDIATE RELEASE

## BILL MALLIA'S DEBUT ALBUM, "BAREFEET FIRST" RELEASED

Cape Cod, MA, Monday, 10 December 2007 - When you're on "island time", life moves a little slower. Good times last longer and challenges...well, they're as faithful as a dog and will wait patiently for you to get around to dealing with them. The new Bill Mallia debut album entitled "Barefeet First" (originally due out in September) is finally ready for fans to take home!

Recorded at several New England venues, this new album captures all the fun of a live Bill Mallia concert. Featuring current and past members of the Gulf Stream Band, this CD is a must have in everyone's Christian beach-music collection. It is also required listening for anyone enduring sin's curse of cold in the northern climes this winter.

For a limited time, Left Shore Records is running a Christmas release special. When fans buy the first copy of the CD for \$13, they'll get the option to buy a second copy for only \$8. What could possibly be better to put in someone's Christmas stocking than "Barefeet First"?

Buy copies at the Left Shore Records website <http://www.leftshorerecords.com/store.htm> now!

### About Bill -

If you've spent more than two decades traveling throughout the Caribbean and all over the planet, does it influence the kind of music you write? In the case of GMA and Indieheaven artist Bill Mallia it has. That's not to say that his music is simply island cliché with a godly twist either. Bill's hailed as the "Christian version of Jimmy Buffett", and he offers feel-good music with overtly Christian

lyrics tied to a performance that's garnished with a smile and served under a palm tree. There is no act on the contemporary Christian music market duplicating his efforts.

When Bill is not traveling to someplace where the ocean water is over 70°, he can be found in the Cape Cod area - Plymouth to be exact. He plays the role of left-handed guitar guy/worship leader at the First Baptist Church Duxbury (Massachusetts) and spends his non-musical time as a husband, father, travel writer, web designer, fly fisherman, sailor and overall seeker of god's never-ending blessings.
